

During the SASS 2010 convention the WBAS Committee members discussed the need for national regionalization to insure organizational consistency and continuity for the WBAS discipline. The outcome of the discussions led to the creation of the **"SASS WBAS Ambassador Program"**. The details of this program have been defined, and the program is being implemented.

The WBAS Committee and Coyote Calhoun selected the SASS members listed below to serve in the Ambassador program. Each of them is an ardent supporter of WBAS and is committed to the growth of the discipline. Many of them have previously, or are presently involved as board members of their local SASS club.

The Ambassadors will be a resource to local SASS clubs in their respective regions for assistance in WBAS training, education, and for providing input to local clubs who may wish to host WBAS events. They will also be a valuable asset to the WBAS Committee by sharing regional information regarding WBAS issues and observations that will be of benefit in the growth of the WBAS discipline. The WBAS Ambassadors will assist the WBAS Committee in the evaluation of this new regional program in periodic reviews.

If you have questions regarding WBAS events, rules, or training please contact your regional ambassador.
